A Very Happy Mother and a Very

A Full Description of How It All Came About.

"A dreary place, would be this earth Were there no little people in it; The song of life would lose its mirth Were there no children to begin it."

Our children are in truth the light of our lives. The word home has its fullest meaning only where there are

Mothers, therefore, can comprehend the joy which thrills each word of the following communication from Mrs. Ernest Small of Lisbon Falls, Maine,

"During the latter part of last winter my little daughter, Tena, had a sewere run of typhold fever, which left will begin at 1 o'clock. Dixon has been instead of gaining any. She was extremely weak and nervous, and could not take a proper amount of nourishment, on account of the condition of her stomach. In fact, her appetite he will be toastmaster. Beyond the sefailed so she could not eat anything.

"She had sores in her head which broke and discharged, and she was very deaf for some time. We grew

very anxious about her. "Finally I gave her Dr. Greene's Nervura blood and nerve remedy, and she write of the benefit, and great good, she received from its use. I did not have to give her quite two bottles, and rugged as can be. I cannot thank this wonderfully good medicine enough, and I have recommended it to others."

If your infants or children are sick, give them that greatest of all children's remedies. Dr. Greene's Nervura blood and nerve remedy. This wonderful remedy is, above all, a family medicine and Its name is a household word in thousands of homes all over the land. It is made from pure and harmless vegetable remedies, is calming, soothing and healing to the nerves, and at same time strengthens and invigorates the entire system, restoring a healthful color to the cheek, refreshing sleep, strong nerves, stout limbs, and bounding health and vitality which all children should have. It is perfectly safe to give to children of any age, and its curative and restorative effects are wonderful.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th street, New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone at any time, free of charge, person ally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.
